

Chris	Sandow	The internet is one of the main forms of communication for most people. All citizens should have equal access in a democracy.
Siegner	Sandra	
Ann	Sandritter	
Ivar	Sandsmark	
Lauriel	Sandstrom	Subjecting the everyday user of the internet to the whims and profit margins of the telecom and cable industry is another offense against the public citizenry. Me and my entire family request that you allow the internet remain neutral.
Bibi	Sandstrom	The internet is for people, not corporations.
Gene	Sanford	Keep the internet completely free. No high speed lanes for corporations to sell services.
Marion	Sanford	The proposal is a really bad idea. No buying one's way to the head of the line!!!
Julie	Sanford	We must keep the internet open and equal for everyone! It's important to our democracy that information is equally accessible to everyone! Rich corporations already control much too much in this country. Do not let them control the internet as well!
Ellen	Sanford	We need net neutrality!
Dr. Frank W.	Sannella	The control of the internet does not belong in the hands of the corporate monopolies (which they are fast becoming). Net Neutrality is essential. A free America is in rapid decline - do not make the internet another casualty!!
Peggy	Sannerud	Preferential service based on ability to pay is bad for small businesses, schools, and communications with other countries. It just aint right.
Kathryn	Santana	please
Richard	Santer	Please, not one more stone chipped away from the common man's statue. The oligarchy that America is becoming is a slight of the highest order to all that we stand for.
Raymond	Santiago Jr.	
Marc	Santora	
Lynn	Santoro	
Alvin	Saperstein	
Mark	Sapiro	The internet backbone is a public resource. It should be available equally to all without preferred service to those able to pay more.
Sharon	Sapp	WE NEED AND DESERVE REAL NET NEUTRALITY.
Mary	Saputo	I'm tired of big business taking more and more. The time to stop them is now. The Internet is free. Let's leave it that way.
Saralyn	Sarandis	
Luis	Sarellano	
Shawn	Sargent	FCC; Must Not Back down from Restoring Net Neutrality. The cable companies have become too powerful by consolidating into a Monopoly. Mr. Wheeler should go to jail for conflict of interests if he doesn't Restore Net Neutrality. The electric companies don't
Jill	Sarina	
Teresa	Sariol	
Marijeanne	Sarraille	The Internet should belong to every one. Why should Time Warner and Verizon have a sweetheart deal that favors the wealthy over ordinary consumers? Treat the Internet like a Public Utility! Stop pandering to special interests
Nancy	Sasko	
Parsifal	Satori	
John	Satter	
Moir	Saucedo	Don't allow the big corporations to muck up the public airwaves!
Debra	Saude	
Daniel	Sauder	
Dan	Sauer	Giving large telecom corporations the power to determine winners and losers in the internet economy is not only unfair, it's Un-American. This is exactly the sort of thing the FCC exists to prevent!
Antoinette	Saum	Keep the Internet on a level playing field. Do not allow big money to become owners of the Internet. The Internet needs to be fast, free and open to anyone, regardless of social or economic status.
Miranda	Saunders	The internet is the main way people access information today. The access to this information shouldn't be controlled by the highest bidder, but by people's interests.
Jonathan	Saunders	
C.	Saunier	The internet must maintain democratic standards!
Bradley	Savage	
Gae	Savannah	"self-evident...all men are created equal." Democracy is not a means of convenience for the rich. Nor must it be a super highway to productivity for the haves, while the have-nots waste their time with slow connectivity.

Judith	Savard	
Carol	Savary	
Mark	Sawyer	Let the Internet truly be free, not "better for the rich." Rich and poor alike drive on our roads and cross our bridges--the Internet is similar, the "Information Highway." Let's keep it free and equal.
Lisa	Sayre	
Webb	Scales	The last mile ISPs as well as the Internet backbone providers should be considered Common Carriers, like the Telephone companies, and as such they should be required to treat traffic equally, regardless of its content or sender.
Deborah	Scales	The monopoly of the South, Time Warner/Comcast is overcharging with unregulated fees & controlling what customers can watch on TV, how fast your internet can transmit while selling your personal info to advertisers, they are double dipping.
Ruth	Scally	Our democracy depends on protection of net neutrality by the FCC. The FCC must maintain an open internet for all citizens.
Taiyo	Scanlon-Kimura	
Shawn	Scannell	Once the the Net is subjected to even the slightest private, or even gov. control, the next step will be restricted access to Real Facts. We the Users will be subject to those individuals agenda and interpretation of actual Truth and History.
Rachel	Scarlata	We already need to move to a more advanced country to get fast speed internet. Per Republicans, innovation is too costly. Better to go around the world killing brown people or supporting Israel's killings.
Mike	Scarlatti	Internet speeds should be on a level playing field. Compared to speeds in other countries they are slow as molasses, anyway. So who is fooling who? If we had higher speeds the payment argument would be moot, and everyone would benefit.
Alexander	Scarlis	How is letting mega for-profit companies decide which web sites get better access democratic? Why is this even on the table??
Richard	Scaturro	
Robert	Schachner	we need REAL net neutrality!!!!
Ruth	Schack	
Kurt	Schaefer	
Juliet	Schaefer-Jeske	
Steven	Schafer	
Edie	Schaffer	
Ben	Schaibly	Preserve Internet equality!
Jennifer	Schally	
Mark	Schecter	
James	Scheid	We need and open internet to preserve free speech and access to information. We do not need our news filtered more by huge corporations.
Joshua	Scheidler	Keep the internet open. No tiered lanes based on speed or other limitations. An open internet fosters freedom, competition, open communication, and innovation.
Fran	Schein	more and more of us are fed up w/the way issues are dealt with in D.C. DO THE RIGHT THING HERE, AND GO DOWN IN HISTORY AS BEING ON THE RIGHT SIDE!
Alex	Schein	The internet is like the roads. They need to be open and free. They are tools for commerce.
Dave	Schelitzche	We need to stop encroaching more and more on our freedoms and hampering our buying power. The whole economy will be affected negatively with more losses.
Eva	Scherb	It's already hard to get information with my browser. Don't make it worse.
David	Scherer	LOOSING NN WILL DESTROY THE VALUE FOR 'THE REST OF US', Dave
Dennis	Scherlacher	Please don't cave to the wealthy. Preserve net neutrality for all the people.
Lisa	Scherlacher	
Linda	Schermer	
Teresa	Scherzer	
Craig	Scheunemann	
Eliot	Schickler	The Open internet is the only fair way to go! It's been working and there's no need to change it!
John	Schieber	The internet has become an important part of activity for many of us. Please preserve full access.
Craig	Schieding	
Mollie	Schierman	
Brian	Schiffer	
Daryl	Schilling	
Wm	Schiltz	
Elise	Schlaikjer	One of the advantages of a democracy is that it has an even playing ground. Do not let these fast lanes for a few destroy one more piece of our democracy.
Larry	Schlessinger	
Gina	Schleyer	

Hank	Schlenger	Keep the internet open to all and for all.
E.S.	Schloss	
Cheryl	Schlussler	
Don	Schmadel	The FCC plan to allow fast lanes for the few major telecom and cable companies will imperil the long term health of our economy. I oppose this plan and everyone I know opposes it.
Sandra	Schmaier	non funded start-ups will suffer hence the young economy
Stephen	Schmid	Dear FCC: Please stand up for the little guy and enforce true net neutrality for us. Thank you.
Aimee	Schmidt	Development of the Internet via DARPA was paid for with taxpayer dollars and is, therefore, a public good. ISP's like Verizon should be regulated utilities and cannot privatize a public good for their benefit.
Paul	Schmidt	
Philip J	Schmierer	Net Neutrality is the most important form of 1st amendment rights to our citizens in this cyber age. Kindly don't impede our most basic American right of communication at the exact same speed for ALL Citizens. No "Fast Lanes"...
David	Schmit	Keep the internet open and free! Cyberspace is public domain and should not be controlled by corporations. Protect the people for a change; not big corporate donors. -David Schmit
James	Schmitt	Do not do this
Deborah	Schmitt	Without net neutrality our country will become laughable as a place for free exchange of ideas and innovation. We are already slow in making high speed internet access available to everyone. Now we say the only thing that matters is money!
John	Schmittauer	
Casey	Schnaible	
Susan	Schneider	Please let us have Net Neutrality. We don't want a zoned internet. Already companies are taking advantage of loopholes in current rules. Please don't open up the floodgates completely to them to create a tiered system for them to exploit and abuse.
David	Schneider	Selling out the public to benefit big business can prove to be a disastrous step. Innovative ideas that permit the development of more small enterprises employing more people will be hampered by the elimination of net neutrality. Don't allow this.
David	Schneider	
Gretchen	Schneider	
Bill	Schneider	We MUST STOP giving advantage to the monied few in America. The "trickle down" belief is a complete myth! If you go along with the monied few you are destroying our society and economy for our grandchildren.
Dorian	Schneidman	We are a democracy. A free Internet is necessary to preserve equal access to all content. The Internet should be regulated as a utility, just like the telephone from years ago.
Marguerite	Schnepel	
Barbara	Schnuer	
Gail	Schoenbacher	Once the internet was considered the great equalizer. Now some people are more equal than others. Please do not facilitate the United States growing abyss between the ultra wealthy and other citizens by how much money they can spend. We need net neutrality.
clara	schoenfelder	FCC: Do not let major telecom and cable companies have unprecedented control over what we can see and say online. No fast lanes for just a few!
Dan	Scholten	
D. J.	Scholtz	At 70+, I've seen what happens when a few corporations control commodities that serve the general public: e.g., airlines, oil companies, utilities, and now, the digital communications industry. We end up serving them, not they us--and at unwarranted cost.
Roberta	Schonemann	That's the way it should be in a democracy. And it has worked so well!
Emanuel	Schongut	
Barbara	Schrader	Every one should be treated the same. No special programming for the rich!
Judy	Schrader	It seems like all we lowly, peon citizens do is fight government agencies to have them work for us instead of the giant corporations to save what little rights and access we have left.
Saul	Schreier	
Shirlee	Schremp	I do not wish to be in any slow lane...I want real Net neutrality...I want this place not to be controlled by the "big guys" who don't care about us..
Mark	Schreyer	net neutrality must be preserved
Judy	Schriebman	A free and equal internet is essential for democracy. No fast lane or special privileges for large monied interests.
gertraude	schröder	For Goodness Sake, Save the Internet for us, the pedestrians
La Cinda	Schubert	We need real net neutrality...No more big guys getting all the breaks. What is happening to American Justice for the little people?
Betty	Schuessler	
Deb	Schuetz	

John	Schuler	The FCC is a GOVERNMENT "Watchdog" - NOT a "Special-Interest Lapdog". The INTERNET is now a defacto "Communications UTILITY". WE are paying YOUR SALARIES. Lobbyists will soon NOT be able to offer you a better one.
Henry	Schuler	
Paul	Schulz-Behrend	We need net neutrality.
Peter	Schumacher	
Norma	Schupp	I firmly believe the Internet should be designated a Utility. Because Internet is widely available to the public, it should be readily available. If it falls into the hands of a few, there will be a few big winners and an enormous amount of losers.
Arthur	Schurr	
Barry	Schwab	
Richard	Schwager	We need an Internet that will supply us with MUCH BETTER service w/o giving ANYONE the opportunity to short-change the public with less internet than we already have.
Jean	Schwartz	Free information is a right!
Leslie	Schwartz	If the FCC begins this restriction, while most of the world has free access, America would no longer be "the land of the free." Another instance of the "haves" saying "let them eat cake."
Barry	Schwartz	
Fred	Schwartz	
Liya	Schwartzman	
Dean	Schwartzman	
Father Rich	Schweinsburg	
Carl	Schwensohn	
Veronica	Schweyen	We need a free internet, not one geared to the big Super companies. Keep the Internet free!!
Laurie	Schwisow	The Internet should be treated as a public utility, equal access to all!
Brian	Sciaroni	The internet: developed by tax monies spent for science grants. Therefore the internet belongs to all of us, not just the few who wish to sell its use to the highest bidders. Whatever is in the best interests of big business isn't nec. good for all.
James	Scieszinski	This is VITAL!!!!!!!!!!!!!!!!!!!!
Mike	Sciolaro	The internet is our future. We don't pay differently for magazine, newspaper or book content. The content is accessible in the same way for all. Do not change the internet. Net neutrality is essential!
Henry	Scoggins	Do not give in to the demands of corporations - they dominate too much of life already.
Martha	Scoppa	The Internet should be accessed the same way by all people. Once there are different levels of access, the Internet is no longer neutral. That would be a big mistake.
Sam	Scoppettone	Broadband should be considered a public utility, and everyone should have equal access, especially as so many services have come to depend on the internet. It is replacing the traditional common carriers. Don't sell out our internet to the big guys.
Caitanya	Scott	DON'T DO THIS! WE NEED AND DEMAND REAL NET NEUTRALITY!! You work for us, the American People, NOT crop's. Get it straight and get it together. Please. Thank you.
Joann C	Scott	Don't let money overwhelm democracy. The internet should not be divided into paid versus unpaid access. You KNOW that would be most Americans would lose valuable access. Please withdraw all plans to charge for the internet.
Patricia	Scott	Make basic broadband a utility, which it really is. If people want to pay more for more services ie., faster internet...then charge people more. Keep an affordable basic broadband service cor everyone.
Mike	Scott	Net Neutrality is the last level playing field We the People have. We lose this, we're a plutocracy. We're disgusted that Obama appointed an FCC Chair who'd even THINK of ending the open internet. Profound thanks.
Patti	Scott	Please, no fast lanes for the wealthy and corporations with slow lanes for the rest of the world. Please keep the Internet FREE. Thank you. Patti Scott
Barbie	Scott	This might be the 20th petition I have signed to the FCC about not relegating small businesses like mine to an internet slow lane. Don't do this. It means so much to me and other "little guys." We can't afford to purchase priority treatment.
Alec	Scott	This wrong and you know it, so stop trying to do it.
George	Scott	Underlying all of this is an intent to inhibit the flow of information to our "being dumbed down" population. The word freedom is being quashed. Please do not allow the suppression of access to information to the many by a few.
Thomas	Scott	
Bob	Scott	
Alan	Scott	
Celia	Scott	
Janice	Scott	

Raeann	Scott	
Jennifer	Scott	
Michael	Scott	
Dixie	Scott	WE ABSOLUTELY NEED REAL NET NEUTRALITY FOR EVERYONE!
Benjamin	Scott	We need REAL net neutrality
James	Scoville	
Shirley	Scritchfield	
Russell	Se	Fcc sucks
Dave	Seaborg	
Howard	Seaborn	
Michael	Seager	Keep the Internet free and equal, just like people. Thank you for your time.
Michael	Seager	Keep the Internet free and equal.
Elisabeth	Seaman	Please do not make any rules that give preferential treatment to some viewers over others based on accessibility, cost or other factors. No multiple tiers, so we won't shed tears.
Rosenstock	Sean	Why is it that the people /consumers consistently are placed below corporations? Preserve net neutrality...for ALL of us.
Brenan	Searain	Save the public internet for free and equal speech and commerce.
Dave	Searles	
Mari	Sears	Please keep Net Neutrality really Neutral. Don't sell out to Corporations.
Brock	Seaton	
Harley	Sebastian-Lewis	
robin	sedaka	We need Real net neutrality.
Douglas	Sedon	
R.	See	
Steve	Seehafer	
John	Sefner	Please don't ruin the internet. It should be an open public resource with equal access to the same speed for all.
Diana	Segletes-Heiney	
Lisa	Segnitz	
K.	Seiberlich	Leave the internet alone don't sell out to comcast etc!!!!!!
John	Seibert	We won't be fooled by anything less than a free and open internet.
Desiree	Seifert	LEAVE THE INTERNET ALONE!!!!!!!!!!
Martin	Seigel	
Irwin	Seitelman	The internet was created for ALL, not just big corporations,....or governments!
Arlyn	Seliner	
Christine	Sell	The Internet must remain free and open to all. by implementing controls favored by large telcom and cable companies, the FCC is not standing up for freedom of speech but is in fact actively engaged in censorship. This cannot happen!
Todd`	Selle	Both the intent and opportunity of the internet will be diminished if "fast lanes" become a reality. I urge you to oppose implementation of internet fast lanes.
Hope	Sellers	The internet service companies are already charging too much money by bundling channels that most of us don't watch. Out of hundreds of channels that they are including I only watch maybe 20. Real net neutrality is needed.
Donna	Selquist	I am totally opposed to fast tracking internet postings by higher paying advertisers and promoters. Leave the internet free and equally accessible to all users! We can choose for ourselves what we want to read!
Rob	Seltzer	
Sylvia	Selverston	The internet should belong to everyone, not a few companies that wish to control all communications systems.
Amit	Sen	
Nancy	Sendler	
Patrick	Sennello	The dangerous application of a tiered internet would be to leave the stock market easy prey to insider trading. Institutions could access stock trades faster than private investors, opening the door to undisciplined abuse and manipulation.
Clinton	Sennett	no more corporate cocksuckers
David	Seppa	No.
Dennis	Sepper	The right to charge clients higher fees for faster service is a violation of net neutrality. Declare the net a public utility!
Christine	Sepulveda	Our democracy has been destroyed and our government has become an oligarchy. This is the United States of Corporations. Please do the right thing and help us restore a true democracy to this country!
Mary Ellen	Serina	

John	Seronello	we are tired of the rich putting their pressing thumbs down on the common man. why are you considering doing this? the us govt devpt the fist internet...they didn't do it to make money!
Dawn	Serra	
Thomas	Serrano	
Jane	Servadio	The internet should be a free source of information. Why should certain people with deep pockets have any more say in in it than the average Joe?
Bruce	Sesnovich	Please keep the Internet free, open, and democratic.
Jean-Paul	Setlak	The internet belongs to all of us. We all use it to better ourselves and further our lives. Please keep an even playing field. Do not play favorites with corporate interests. Keep the internet for all of us. Thank you for your consideration.
Ronald	Severeid	
	Severt	Please do not allow corporate control of the internet. They already control most of our election system. Control of the internet could effectively disenfranchise most American citizens thru control of communication.
Terry	Sevold	We need internet that will not favor deep pockets. Internet controls are not fair and take away the rights of the masses.
David	Seward	
Robert	Sewekow	It would be an outrage to abandon net neutrality.
John	Sgarlata	Enough already. Its tough enough to get ISP's to just keep the bar minimum going.
Daniel	Shade	
Carolyn	Shadle	
Roger	Shady	
Walter	Shafer	
Roger	Shaff	The World owns the airwaves, NOT the 1%!
Barbara	Shaffer	Verizon has slowed my service down considerably since they have started pushing a more expensive Fios on me. Do not allow corporations to bilk the public further. They are beyond greedy blood suckers as it is.
Desiree	Shafman	
Paula	Shafransky	
Floss	Shahbegian	
Verna	Shaheen	There should be no fast lanes here. We must all be equal in this regard.
Gerald	Shaia	Please save the internet as we have known it. Don't adopt Chairman Wheeler's recommendations regarding Net Neutrality. Don't turn the internet into a pay-for-play operation. It can only hurt individuals and small business.
Ginia	Shaknis	Leave the internet alone.!!
Irith	Shalmony	Do not sell the fastest high speed internet lanes to the big business high bidders. Keep them available for everyone.
Julie	Shames-Rogan	It's all in the term-net neutrality. Who is the internet for? What is it for? The internet has opened up the world for us all. It impacts all of our lives, enriching discourse, connecting and entwining our lives, worldwide.
Beth	Shanahan	Can we please step forward not backward in 2014?! We need a universally fair internet with equal access availability. We need an internet for the whole world where advantages can't be lobbied and bought by the highest bidding elite.
Georgia	Shankel	
Leslie	Shankman	The growth of potential for humanity is better served when the voices of all people have a venue for expression and when information is available to all. We already suffer from a terribly restricted class society, do not restrict further.
Robin	Shankman	
Jim	Shanley	You already know the will of the PEOPLE, now all you have to do is LISTEN TO US. KEEP the NET neutral Thank you
Catherine	Shannon	
Claire	Shannon	Why are we out of sync with the rest of the world? We need high speed internet to home school, to work, to keep up with news. I object to corporate control of the internet and support READ net neutrality.
Donna	Shanske	Keep the Internet available to ALL at the same price and speed. Showing preference for the "highest bidder" over the rest of humanity, is not supposed to be the American Way. HELP!
Laura	Shape	
Ellene	Shapiro	TSK. Another chink out of our nation's foundation and soon the whole darn thing will crumble. Hey, thanks....like.....you know.....way to go.....
Rick	Shapiro	
Irving	Shapiro	

Tamar	Shapiro-Tamir	The Internet is for freedom of expression, communication and knowledge, not more advertising space for big corporations. Keep that in mind.
William	Sharfman	The internet is a public utility, something that everyone depends on and relies on in an egalitarian way, worldwide. Corporations have no business controlling access.
Tom	Sharkey	Don't mess with Net Neutrality!! OK?.....I knew you would listen to reason.
Leslie	Sharlock	
Sharon	Sharon E.	The internet MUST be reclassified as a utility if the US is to keep up with the rest of the world!
Glenn	Sharp	A heavy blow to the heart of American innovation and an end to the quarter century of online liberty in the self-styled 'land of the free' Don't do it.
James	Sharp	It's working. Why muck it up? Profit over all else?
Ron	Sharp	
Gilman	Shattuck	
Sue	Shattuck	
Jeremy	Shaver	
Jon	Shaver	
Madeline	Shaw	if this goes through, welcome even more to the united states of corporations. sheesh!
Dan	Shaw	The Internet should be treated as a "commons" for all of the people without any private sector control.
Kaete	Shaw	
Dennis	Shaw	
Rosemary	Shaw	
Ruth	Shaw	
Karin	Shea	As a previous small business owner, I must say that losing net neutrality will hurt small businesses nationwide. Small businesses drive hiring and economic growth. This is an important issue to take into consideration.
Martha	Shea	The internet should exist for the public good and be available to all equally. It should not be used to advance the cause of only rich corporate interests.
Meredith	Sheane	The objective by BigTelecomm and BigCable to destroy Net Neutrality is NOT about democracy - it is about FASCISM.
Diane	Shearon	
Gabriel	Sheets	
Stan	Sheggeby	
Cook	Sheila	
Robert	Shelby	Government must favor the people, not corporate interests. "The Commons" should not be further enclosed or encroached upon.
Sher	Sheldon	We rely on an open, fast internet.
Ian	Shelley	
Linda	Shelton	As information age blossoms even more it is clear-knowledge is justice & power. Without net neutrality we become split society of the haves & have nots; all education % growth stunted for the have nots; Strength is diversity united!
Naomi	Shelton	I believe that this ruling you are considering flies in the face of our basic right to freedom of speech. It's another attempt for the 1% to control the rest of us. Please look at it from the viewpoint of your family and friends--and reconsider.
greg	shelton	
Dorothy	Shelton	
Matt	Shemluck	
Randi	Shenkman	
Erika	Shepard	Open and free communications for all - not just the rich - are a foundation of democracy. Do not sell our freedom to the highest bidder!
Patty	Shepard	
William	Sheppard	If the FCC's plan to allow fast lanes for the few goes forward, the rest of us will suffer. The deep-pocketed will pay to move their online content at top speed, consigning nonprofit, independent and dissenting voices to the slow lane.
Paul	Sheridan	If FCC's plan to allow fast lanes for few goes forward, rest of us will suffer. The deep-pocketed will pay to move their online content at top speed, consigning nonprofit, independent and dissenting voices to the slow lane. We need REAL net neutrality!
George	Sheridan	
Nancy	Sherman	Please consider the needs of the people, not the corporations. Please keep America a democracy.
Nicholas	Sherman	
David	Sherman	
Elisabeth	Sherman	
Ian	Sherman	

Irving	Sherman	We need real net neutrality.
Joanna	Shermn	The rich already control so much of our daily lives. Like air, the internet should remain equally available to all. We already pay for access. A caste system would limit the country's economic health and growth.
Debby	Sherrill	
James	Sheya	
Harvey	Sheyer	
David	Shields	Please consider keeping the present system. The internet remains one of the few egalitarian systems left in this world. It would be a shame if the richest can obtain the fast lanes and the rest of us left in the dust.
James E	Shifflett Jr	Like the US highway system, free enterprise is served best if everyone has equal access to the Internet.
James E	Shifflett Jr	The Internet is like the US highway system. It oils the economic engine. In the name of free enterprise for all, the Internet should be equally available to all.
Shirley	Shimada	The airwaves, the internet are not commodities, they are resources that are universally owned. For a company to take those resources to make money at the expense of the people is not the way to use our public rescourges. In fact it is criminal.
T. Alex	Shimada-Brand	We need REAL net neutrality!
Carolyn	Shipley	Freedom of speech is the foundation of the formation of the United States. Without it, our Constitution is dead.
Joan	Shirley	My lap top is my connection to the world. i should be able to access the internet freely and quickly. The air waves belong to us, not to corporations.
David	Shoemaker	The air waves and the internet belong to the people of this country and the world. Lets not make the mistake of giving exclusivie rights to corp. whole plopp down big sums of dough. Take a stand for the People of this country.
David	Shoemaker	
Michael	Shores	
Alene	Shorin	Please consider the rights and needs of the everyday citizen -- not just the profits of the rich and influential corporations such as Verizon and Time Warner.
Karen	Short	The internet has been a godsend to many people throughout the world. If you do not maintain Real.net neutrality for the internet you will be contributing to a corporate system where the money is what matters.
Woodrow	Short	The internet is not yours to control. The internet is not your private corporation to control. What part of this do you not understand?
Patricia	Shortt	
Andreia	Shotwell	
Helen	Shoup	The FCC was created to protect our economy and to protect consumers from corporations! Do your job and protect small businesses (economy) and the rest of us (consumers)! Keep the internet open and not in the control of these big, greedy corporations!
Roger	Shoup	
Rick	Shreve	
David	Shreve	
Howard	Shucart	The internet belongs to everybody & nobody! Don't give the speed only to the rich!
Wendy Rambo	Shuford	
Cathy	Shufro	
Scott	Shuker	I suggest that you rewrite the FCC regs and include the internet because it is the new and most commonly used form of media in the US. The Supreme Court's decision to deregulate the internet is based solely on existing law.
Sally	Shuler	Enough already! The free internet enables the voice of the common man. Let the wealthy corporations build their own networks! They've already built them anyhow--now they are just determined to take our communications pipeline away!
Sue	Shulman	
Andrew	Shuster	
John	Shutt	
Nancy	Siani	We should encourage communities to set up their own municipal internets
Joan	Sickler	The rights of all Americans must be protected. Keep the Internet the public library of the country. Information must be free and offered freely without bias.
Zachary	Siders	Avoid future pitchforks. Don't ruin the most important aspect of the greatest and most economically prolific invention of our time.

Patricia	Sidman	Once lost, net neutrality will never be regained. Allowing "fast lanes" will concentrate power and control over information flow and that is dangerous in a democracy that depends on the free flow of ideas. Please do not do this.
Dr. Lynn	Siebert	Removing the equal access in favor of fast lanes for those with deep pockets undermines the foundation of our democracy - equal opportunity for all. Don't stifle innovative voices and exacerbate inequalities - instead,, keep net neutrality.!!
Jan	Siegel	
Rick	Siegfried	Allowing "fast lanes" is obviously a corporate give-away which tramples consumer interests. Moving forward with this plan will reveal that your are a corporate shill, and that you are fascist, anti-American TRAITORS who WILL be treated as such.
Jon	Siegfus	
Julio	Sierra	We want Equality in The Internet. If corporations are considered People, then they should not above The People. Equal access to the corporations. EQUALITY in THE INTERNET.
Ron	Siggelkow & Averkamp	Keep the internet FREE!!
Bruce	Sigmon	Fast lanes for paying corporations will destroy the internet for new innovative companies. Keep net neutrality.
Martin	Silberberg	Real net neutrality is essential to free exchange of ideas, made even more urgent by the decreasing privacy and increasing surveillance of average citizens trying to learn about their world.
Y	Silberman	
Ruth	Silon	
An Nett	Silva	
Cathy	Silvasi	
Dan	Silver	
Alexander	Silverio	PLEASE do not allow the major telecommunications companies to gain complete control over the internet!!! We need REAL net neutrality!!! Please I urge you. Thank you.
Deborah	SilverKnight	
Dana	Silvernale	
Margaret	Silvers	
Roberta	Silverstein	Fast Lane Internet for those who can pay was never the intent of the original DARPA net academics. There is enough disparity regarding access to the existing Net. Let's not make it any harder than it already is.
Bob	Silverstein	
Donald	Simmonds	We are supposed to live in a nation which is responsive to a government of the people, by the people and for the people. We are becoming a nation governed by the biggest, most powerful, most wealthy. The internet is for ALL of us.
Melissa	Simmons	The Internet is for everybody. Don't allow corporations to slow down the service of those who don't pay extra.
Chris	Simmons	
Daniel	Simon	Allowing wealthier companies to buy faster access will make it more difficult for start-ups to compete with them, and it will result in higher prices for consumers. It's hard to see why anyone comes out ahead in this situation.
James	Simon	Keep the internet fair and equal!
Brenda	Simon	
John	Simon	
Thomas	Simon	
Barbara	Simonetti	We already have way too much inequality in this country. Don't create more on- line!
John	Simonsen	Save the internet from greed and corruption. Support net neutrality!
Irv	Simpkins	Don't sell out the American and world right to a free and non corporate controlled internet. Keep this this vital means of communication open and free.
John	Simpson	Maintain the internet as an access point for unlimited knowledge for all.
Bob	Simpson	Once again, I say to you: net neutrality must be preserved. Do not vote to establish a "fast lane" on the World Wide Web.
Marilyn	Simpson	Please keep real net neutrality! Re-classify the internet as a common carrier!
Derek	Simpson	
Rusty	Simpson	
bruce	sims	Again and again , the citizens of this country have spoken out regards the internet being 'neutral'(net neutrality'). Is the FCC going to recognize the will of the people are they going to be but another 'captured' regulatory agency?
Patti	Sims	The communication environments of our country are owned by the people. Do your job and keep the internet free from corporate control.
Cindy	Sims	

Linda	Sims	
Peter	Sims Md	
Paul	Sinacore	
Salvatore	Sinare	
Daniel	Singer	Net neutrality is important to me!
Barbara	Singer	
Ann Marie	Singer	
Susan	Singh	Timely and accurate information is necessary for citizens to fulfill their civic duties. Giving large organizations faster and better information highways will once again hamper citizens' ability to make democratic decisions and increase inequality.
Angad	Singh	
Bob	Singleton	Please insure EQUAL access for ALL! It's the truly American way.
Alexandra	Sipiora	Net neutrality is only fair.
James	Sipocz	
Shari	Sirkin	We want REAL net neutrality.
Preston	Sisk	
Jim	Sisk	We [America] built the Internet and allowed the capitalist to use this innovation. They promised us American the world but that soon changed once they had a captive audience.
Stephen	Sivonda	Let's not kid ourselves, this would be the slippery slope of the decline of true internet.
K.	Siwek	
Stuart	Skadden	We need true net neutrality now...
Kathy	Skaggs	The Internet needs to be open and available to all users at the same speed and without filters that are not personally assigned by the user him/herself. Please act in the best interests of the citizens of this great country by ensuring this necessity.
Marie	Skebe	
Julie	Skelton	
Priscilla	Skerry	
Steve	Skiles	Please, ensure net neutrality for ALL !
Jacqui	Skill	
Mike	Skocko	A two-tiered Internet would be just one more way for the rich and powerful to maintain the status quo. Please do not stifle innovation by creating an uneven playing field. One Internet for everyone.
Marvin	Skorman	
Darren	Skotnes	Just vote to save the open internet now!! Millions of Americans are already opposed to the FCC's new proposed rules. That's enough to block the new FCC rules that allow corporate control.
Charles	Skrief	The stakes could not be higher; please maintain net neutrality.
Mary Ann	Skweres	Fast lanes for those who can pay more is a step back for the internet. We need higher speed internet for all. This country is far behind other industrial nations in supplying the best internet.
Morgan	Sky	NO MORE ANTI TRUST VIOLATIONS
Greg	Skyles	The internet is clearly a utility, and should be regulated accordingly.
Lee	Slaughter	More monopolies and less freedom for the citizenry. Corporate greed run amok. This is censorship based on class and \$\$\$\$\$. Keep the internet free and accessible to everyone, not just corps and the wealthy. You CANNOT own airwaves!
Todd	Slaughter	
Peter	Slavin	
Dana	Slawson	
Amy	Sletteland	Stated goal: Revising media regulations so that new technologies flourish alongside diversity and localism. Reducing local & diverse access to the internet by making it less or not accessible due to higher cost is not in line with your stated goal.
James	Slincy	Please keep the Internet open to all. Please do not allow 'fast lanes' for the rich who can afford to pay the big dollars.
Robert	Sloan	Do not sell out to the big corporations! I live online, being disabled and housebound, and I don't consume mass media so much as little blogs and specialty topics and weird personal stuff. I'm not even into the normal porn. So don't shut me down!
John	Sloan	
Janine	Slotwinski	
Kelly	Small	
Brian	Smalley	
Shirley (Sassy)	Smallman	This is probably the biggest First Amendment issue before us now. I hope we remember what that amendment means to us.
Evelyn	Smart	Let's not destroy a good thing.
Janice	Smart	

Victoria	Smedley	I already live at the end of a rural dirt road. Please don't make me travel the internet at dirt road speed too!
Carl	Smeltzer	Think of the poor, not the rich and powerful. That is the Christian way, not the way of greed!!
Cheryl	Smith	
Gerald	Smith	Allowing the sale of fast lanes would stifle competition and innovation on the internet that is crucial to the future of our economy. So please redefine ISPs as common carriers for the common good.
Jack	Smith	Denial of constitutional First Amendment right to Free Speech is certain from haters of democratic principles. Limiting communications among the American public, is business as usual for the ruling elite.
Larry	Smith	Do not sell fast lanes to the high bidders, as it institutionalize injustice by allowing extreme monetary wealth to increase its domination of everyone else by using the money it takes from customers and unjustly under compensating employees to by gov't.
Stephanie	Smith	Do NOT sell out public interest to the TELECOM INDUSTRY! Keep the internet neutral! -Stephanie in Indiana
Mark	Smith	Don't allow the sale of fast lanes on the internet. Study President Obama's stance on an Open Internet and regulate the free flow of information over the internet. Thank you.
Jacqueline	Smith	Every American has a right to net neutrality.
Oriana	Smith	Fast lanes would ruin the equal and open internet market we have now. Do not let this happen!
Beverly	Smith	FINALLY - a fair and clear choice for true Americans to speak the truth-- and companies seem to be jealous of FREE public access, and are trying to get their hands on MONEY PAYMENT for FREE SPEECH! This is not the American way!!!
Sue	Smith	I think the FCC's plan is unAmerican.
Kenneth	Smith	If the FCC cannot be trusted to pursue and secure the public interest in as enormous a matter as this, exactly what the hell is it good for?
Ray	Smith	Internet for all - not the corporate bribers.
Kim	Smith	Internet should be free! We pay enough taxes already! I homeschool my child & we use the internet daily, this would complicate our school day plus additional fees that ISN'T necessary.
Mary	Smith	It is important to maintain real Internet neutrality. No preferential treatment
Billy E.	Smith	LET FREEDOM REIGN on the internet!
Wayne	Smith	Let's keep the internet open and not for profit. That serves everyone's interest, without an advantage for those that can pay.
Shirley	Smith	My vote is definitely for net neutrality!
Richard	Smith	One speed for all. Keep the internet open and accessible to all. Don't put the brakes on open commerce.
Christi	Smith	Please allow those of us who are not wealthy (yet) to continue to use and enjoy the internet. Life can be hard - please don't make it harder!
Linda	Smith	Please don't allow yet another greedy corporate attempt to over ride the few protections still in place for the "free and equal" internet fall to almighty money.
Dale	Smith	please keep it equal for all.
Lee	Smith	The FCC has done more damage than good. Thanks to them, we pay more for tv and there is less substance than ever before. Now, they want to ruin our internet by doing the same thing. They should be called the CCC, Corporate Communications Commission.
Jerry	Smith	The internet is a common carrier in fact, no matter what you pretend.
Becca	Smith	The internet is a precious resource for those that do not have the money for education. We demand that we have a space free of censure and corporate control. Fast lanes for all!!!!
Alden	Smith	The Internet is for everyone, not just for a few special interest groups. The American people are sick and tired of preferential treatment that is given to large corporations. This is the last straw.
Patricia	Smith	The internet needs to be open to all at the same rate.
Charles	Smith	The internet should not be sold to the highest bidder. It should be expanded as necessary to provide equal access for all. It should remain a public utility with equal access and speeds for all users.
Mark	Smith	The internet spurs creativity, invention and change as needed. It is the common connector between people of all races, background and socio-economic backgrounds. It needs to stay equal for all...protect our freedoms- don't eliminate them
Darren	Smith	The Internet used to be called the digital superhighway. Artificially creating fast and slow lanes to generate more profits for the telecoms is a terrible idea that will come back to bite us almost immediately.
Rebecca	Smith	The major telecom and cable companies should not be given unprecedented control over what Internet users can see and say online. That would not be good for our country. Please consider the good and the rights of ordinary Internet users.

Kenneth	Smith	The powerful are powerful enough. Giving them more power will further enhance income inequality and thereby give the rich the capacity to screw the rest of us further.
Nancy	Smith	There goes what is left of our democracy! Those with the bucks call the shots...AGAIN!
Donald	Smith	
Brian	Smith	
Ralph	Smith	
David Scott	Smith	
David J.	Smith	
Paul	Smith	
Stuart	Smith	
Linda	Smith	
Laurie	Smith	
Mary Ellen	Smith	
Nancy	Smith	
Indira	Smith	
Timothy	Smith	
Diane	Smith	
Judith	Smith	
Kevin	Smith	
Thomas	Smith	
Pamela	Smith	
Patricia	Smith	We all need equal access--not better access for those who can pay more....hopefully, we are still a democracy
Shirley	Smith	We can't let greed take over our freedoms. The Internet is great for information and personal expression. That is a true Democracy. Take the price off our freedoms. They are not for sale!
Cleo	Smith	When I write that I support Net Neutrality, and you write back that you agree and strongly support the open internet, we aren't agreeing. Net Neutrality is where all traffic is treated equally. The Open Internet is the opposite. Thank you Cecil Smith
Addie	Smock	
David	Smolikhagen	
Mark	Smollin	
Edward	Smyth	Please consider the consumer in any action taken in this matter.
Jim	Snee	The Internet is a Public Utility. Please make it so!
Regina	Sneed	The internet access should be neutral and equally available to all. There should be no tiered access at different speeds. We are behind other countries in terms of quality high speed access for homes and schools. The government needs to regulate this.
Janet	Sneider-Brown	
David	Snider	
Susan	Snider	
Jonathan	Snipes	Open Internet is our mandatory First Amendment right!!
Chris	Snively	
Hubert	Snodgrass	
Diane	Snow	
William	Snyder	Net neutrality is needed for a healthy democracy.
Whitney	Snyder	NET NEUTRALITY NOW
Gail	Snyder	Please don't make any decisions about internet speed for we, the common people. This is a necessity to use for everyone anymore and it shouldn't matter what your economic status is.
Chris	Snyder	please keep the internet airways free for all people. We have a first amendment right to free speech and no one owns the internet.
Dan	Snyder	
Terry	Snyder	
Tina	Snyder	
John	Snyder	
Warren	Snyder	We need fair and equal access to information on the internet. Net neutrality is a must in a democratic society with equal access for all citizens.
Sandy	Sobanski	Save the internet neutrality!!!
John	Soderberg	Democracy requires a free exchange of ideas. Please do not add to the demise of our Democracy.
Michael	Sodos	NET NEUTRALITY above all! NO FAST LANES!
John	Sodrel	Net neutrality should be a no-brainer! Why are we even having this debate? Because it's all about money, just like everything else. For shame for even considering anything other than net neutrality!
Mark	Soenksen	

James	Sofranko	
Howard	Sokolove	Gentlemen: EQUALITY is synonymous NEUTRALITY. The Internet belongs to all entities and citizens in equal measure. It is our air and our water; in essence, our birthright as Americans. KEEP THE NET TRULY NEUTRAL.
Patricia	Solano	So when are the criminal CEO's and government officials finally going to be held accountable for their treasonous acts.
Nancy	Solano	This is so unfair to all citizens and should never happen in America. It is censor ship given over to a bunch of greedy corporations. What are you thinking?
Beth	Soll	Net neutrality is essential to the functioning and well-being of our democracy, which has already been threatened by income inequality, NSA monitoring of all our messages, and unfair campaign practices.
James	Sollee	Keep the Internet open.
William	Solomon	Keep the Internet open! Go the regulated utility route Do the Right thing.
Steven	Solomon	Please! Do not let telecom and cable companies have unprecedented control over what I can see and say online!
Barry	Solomon	We cannot, under any circumstances, allow money to control the internet!
M.	Solomon li	NO! to corporate-fascism, and corporate-fascists!
Julie	Solomonson	
shirley	soltes	stop your ffilthy idea to stop the cousumers from seeing what we want to see on line. I hope this ends up in court so that you people lose and losebig!!~!!! . disgusted!
Dorina	Solymar	
Monica	Somers Baxter	Please represent consumers rather than monopolies.
Warren	Sonberg	The internet is not the property of these companies but the common property of all Americans and should not be put in control of its use.
Pat	Song	
Betty	Songer	Do the right thing!!!
Thor	Sorensen	The internet is a utility. We all need equal access. Net neutrality must be maintained.
Gary	Sorensen	
Geri	Soriero	
Joyce	Sortland	
Nancy	Sossner	Do the RIGHT thing.
Gregory	Soto	The Internet has become increasingly important and should remand open without restrictions.
Duncan	Sousa	I'm sure you know what you are doing and that it will break the open internet. I'm also sure it will help make you and your buddies richer. This message is to register my opposition to both of the above and to let you know that you are morally bankrupt.
Eileen (Gwen)	Southgate	
Robert	Souza	
Elizabeth	Soychak	
William	Spady	
Rick	Spalding	
Mickey	Sparkman	Keep the Internet free! No special favors for the telecom and cable companies.
Gregory	Spatz	
Dee	Spaulding	
Brent	Spencer	How is the 'proposed' plan supposed to help those that are less privileged than most...?
Donald	Spencer	
Martha	Spencer	
Jeremy	Spencer	
Melissa	Spengler	this country needs to stop gearing everything to the 1%
Elaine	Sperbeck	Dear Sir, Without real net neutrality we can not have a safe and sustainable US. Why, we all need to be able to access all the information that is available. We can not let some people who can pay leave the rest of us out.
David	Sperduti	HANDS OFF!!!
Dixie	Speyrer-Winn	Two reasons to keep the internet free from a tiered system: 1)The next generation of innovators need to have unfettered access to the internet to move American ingenuity forward. 2) So even the smallest voice can heard equally with the powerful
R	Spicer	This could cripple small business which already has an uphill battle vs. large corporations. No internet "fast lanes" or "slow lanes"! Otherwise small business is spending their profits to have the "fast" lane.
Barbara J.	Spiegelberg	
Audrey	Spieler	Keep the playing field level! We need net neutrality!
Diane	Spindler	Without open internet, the entire world will be worse off. It has become part of our democracy.

Barbara	Spinrad	Is there anything in this world that big business cannot control or own? There used to be that individuals had public access to radio, television, and the internet. The more big business owns or controls, the less there is for public domain
Richard	Spisak	The many citizen and small business websites that enrich the chorus of voices will be lost by a multi-tiered WWW.
G. Mark	Spitalny	
Megan	Spitz	
Robert	Spofford	ALL citizens are entitled to equal and free access to communication over the airwaves, which is modern-day Freedom of the Press. We should not have to pay for any part of this right to free speech, including the power of speed.
Laurel	Sponseller	Money will ruin this country, this proposal will hasten the process. Leave something for the 99%!
Alex	Sponza	THE INTERNET WORKS FINE THE WAY IT IS. DON'T CHANGE IT SO PROVIDERS CAN PROFIT BY CONTROLLING SPEEDIER LANES TO THE HIGHEST BIDDER.
Karen	Spradlin	
Carol	Sprafka	
Arthur LaMar	Sprague	STOP THIS ACTION AND RULE IN FAVOR OF THE PEOPLE NOT CORPORATE AMERICA
Gayle	Sprague	
Craig	Spring	
Linda	Springer	Do not allow this with the Internet being open which will hurt people being able to pay there bills all the way around . . Linda R. Springer
Dixie	Springer	SPEED ON THE INTERNET SHOULD BE THE SAME FOR INDIVIDUALS AS BIG CORPORATIONS AND BIG GOVERNMENT.
Mark	Springer	
Johann	Sproule	
Sherryll	Sprunger	Rely on the internet daily!!!
Steven Chase	Spurgeon	The internet has become a necessary part of civil life and to allow a multi-tiered system is inherently unfair and would further disenfranchise we, the backbone of society. We who pay the bulk of the taxes to support the FCC and government in general.
Diane	Spurlock	Please keep the internet Free and Equal! No fast lanes!!
Patricia	Spurlock	The use of the Internet should be the same for everyone!! Sometimes the big companies get too big for their pants! They are also greedy. Please help us have an open Internet.
Georgia	Squires	What ever happened to Liberty and Justice for All? Equal access for all, not just the few who can afford it.!
Irene	Sriboonwong	The public has spoken. Please save net neutrality.
Rick	St John	Keep the internet and access the same for all. Do not hand it over to big money and big corporations that can buy special treatment. Don't make the rest of us second or third or fourth, etc citizens on the internet.
Christopher	St. John	
Maryann	St. John	We need real net neutrality. I don't want cable companies deciding what I can access on line.
Jeffrey	St.Clair	
Helen	Stachouse	
Surabian	Stacie	
Ron	Staerkel	Internet is now used by many. FCC, do not change this by giving full access to the dollar. Net neutrality is necessary to allow high speed contact for all users.
Eunice	Stafford	Please protect the public from the giants.
Beatrice	Stagg	If the FCC allows Verizon and all those that provide the use of the Internet to go ahead and create a 2 tiered Internet setup it will just be compounding our country's continuing move from democracy to oligarchy. FCC, do not allow such a change.
Maria	Stahl	Net neutrality prevents corporations/people from controlling the internet. Please make net neutrality law and enforce it. Thank you.
Franklin	Stahl	Our survival as a free peoples depends on open, free avenues of communication
Kaye	Stahlecker	Human civilization is in great and grave need of further education provided to them by the open Internet. Our civilization is dying both spiritually and physically. We need a lot of education if we truly hope to survive our now-destructive humanity.
Craig	Stallone	
Barbara	Stamp	
Cynthia	Stamper	I support Free & Open Access to the Internet.
Beth	Stanberry	Net neutrality is important to the economy and democracy. Protect it!
Amy	Stanberry	Net neutrality is the core of Democracy. Please protect neutrality with solid rules.
Jeanne	Stancil	
sandra	standeford	
Dawn	Standley	

Michael	Stanish	
Zaman	Stanizai	
Les	Stanley	Do not change!!! Let the majority rule.
Valerie	Stanwix	
Thomas	Stapelberg	
Sarah	Staples	Maintaining net neutrality is essential for equal access to information, which is essential to democracy. Good sites that can't afford the fast lane should not be disadvantaged.
Janice	Stapleton	
Helen	Stapleton	We need real net neutrality not corporate domination.
Victoria	Star	Be true to the US Constitution!
Star	Star	stop the corpocracy from taking over. we are not slaves or commodities and corporations should not be given power over us; to censor us or make ANY personal choices for us!!! we are citizens, corporations are not and should serve US!!!
B J	Star Esq.	Please do not interfere with our communications along the internet. Big corporations do not deserve or need to take control of this people's form of expression. Corporations are not 'people' and don't deserve tax breaks over real people.
Sandy	Starbird	We need REAL net neutrality.
Doug	Starfield	Fast Lanes on the Internet disfranchise those who can't afford to be in them. It is a violation of the Bill of Rights (free speech, commerce clause, etc.). Don't allow money to trump our Bill of Rights.
James	Stark	
Don	Starnes	Inferior service will eventually lead these companies to succumb to competitors who can offer all data at a fast speed. If these companies are deemed too big to fail, then taxpayers will be forced to bail them out. Bad all around. Say no.
Robert	Starr	The Internet is public, not a profit making extension of Corporate America. The American Public has been swindled too many times! Do NOT allow it to happen again!
Lynne	Starrett	Ultimately, I am the one responsible for what I say and do while on this earth and no governmental controls will ever take that away from me, no matter how intrusive it gets.
Mike	Starry	I vote NO on corporations having anything to do with internet speed.
Carrie	Staton	
Janiece	Staton	
Andrew	Staubly	Common carrier all the way.
Jann	Stauffer	
Scott	Stauter	Please do not adopt rules that would allow corporate telecom titans like Verizon and Time Warner Cable to sell fast lanes online to the highest bidder. The rest of us will suffer.
Alexander	Stavis	
Moe	Stavnezer	
Kamerin	Stclair	STOP YOUR FASCIST THINKING NOW AND SERVE THE PEOPLE!!!
Jenny	Steadman	
Fern	Stearney	
Laura	Stebbins	Keep REAL net neutrality!!! It's the democratic thing to do!
George	Stebbins	Keep the internet open. No slow lanes for those who aren't hug conglomerates!
Jan	Steckel	Preserve net neutrality!
Neil	Stecker	DON'T Sell out like all the rest do. Regulate this attempt at robbing US again. BE REGULATORS FOR THE PEOPLE! ISN'T THAT WHAT YOU DO?
Drew	Steding	
Hubert	Steed	Please equal rights & first class service for all citizens...
Carlene	Steel	This idea needs to be dumped in basket 13! The internet must stay neutral! We are not second class citizens. We pay for the internet like everyone else and should not be hindered in using it.
Dr. L.	Steele	Please do not sell out our fair and equal access to the Internet so that those with money can fully control us all. We must have some fairness on our Planet - Please keep our net neutral!
Donna	Steele	Really??? Government favoring big corporate interests over citizen input? Information is power. Keep the playing field equal for once --- just for once do the right thing by the people - NOT big business!
Karen	Steele	
Tina	Steele	You would be selling out the American people if you allow mega corporations like Verizon and AT&T leverage broadband speeds.
Bradford Lee		
Brad	Steele Ph.D.	
Stanley	Stefancic	The Net belongs to everyone!
Joshua	Stein	I urge you to protect an open internet as a vital need for a free society.

R	Stein	Keep the real net neutrality by preventing rules that allow big corporations to pay for speedy access.
Cheryl	Stein	We need true net neutrality for a healthy democracy and for the sharing of information. Our tax dollars created it and all should have equal access. Please don't put the internet up for sale too!
Ron	Steinbecker	
Leon N	Steinberg	
Margot	Steinberg	
Terran	Steinberg	You will defend Net Neutrality of ultimately we'll have to dissolve the FCC. It's that important.
Nancy	Steiner	
Clarence	Steiner	We need a medium for a really free exchange of ideas, unhindered by the interests of corporate profits.
Ernst	Steinert	Please do not tamper with net neutrality
Robert	Steingraber	
Carl	Steinke	
Diane	Steitz	Please make the internet a public utility.
Carlos	Stelmach	
Jahnavi	Stenflo	Work for the People of the United States, not Big Telecom!!!
Adam	Stenftenagel	Please keep the internet open and fair to everyone regardless of the content they consume. True Net Neutrality, and no fast lanes please!
Amber	Stenger	It is important to protect the public's access to the Internet. Everyone should have equal access to the ideas and information it provides. Ability to pay should not segregate the Internet.
Pj	Stentz	There IS no more important issue !! Our country's well being DEPENDS on a fair & neutral internet . We are already way behind on the security of the internet , and the rebuilding of our trust from other countries as well . We demand fairness .
Cathy	Stentzel	Please save the Internet! Democracy needs net neutrality. Do not allow fast lanes for those who can afford it, giving the rest of us slow lanes and controlled content. Please!
mary	stephens	
Kw	Stephens Jr	If you truly believe in Free Speech and Equal Protection, now is the time to ACT....Protect Net Neutrality. Thank you. KW
James	Stephenson	\$ money need not make the world go round curb the power of the wealthy corporate interests
R. Rhoads	Stephenson	Keep the internet free and flat. Better to set standards to increase the bandwidth for all. How about one gigabit for everyone minimum.
John	Steponaitis	
Richard	Stern	I oppose efforts to enable wealthier corporations to buy faster Internet service thereby retarding new would-be competitors.
Marilyn	Stern	
Wanetta	Sterner	
Harvey	Sternheim	
Ben	Stetson	Please preserve Net Neutrality.
Charity	Stetson	
Nancy	Stetter	
Carol	Stevens	As an RN , my colleagues and my patients need easy access to information, resources, and support groups to maintain optimum health for everyone. We need free & open internet!
Ron	Stevens	How much are you all getting on the side? Look in the mirror and ask, was it worth selling out the internet for what you got? Are you so greedy that you would do this to the future people of America?
Arlene	Stevens	Need Real net neutrality
Nadia	Stevens	
Michael D	Stevens	
Patricia	Stevens	
Roberta	Stevenson	Do your job and watch out for the "little guy".
Joan	Stevenson	Not having real net neutrality will simply widen the "digital divide", i.e., those who have access to broadband or the internet in general. Is this nation based on equality of access or does it favor the economically privileged? Indeed!
Cynthia	Stevenson	The internet does not need to make some people "sLower class" because money should not limit the internet.
Paul	Stevenson	The Internet is just another general public communication and need to be regulated and controlled just like other OTA broadcasting. The gneeral public interest must be paramount and it must be kept our of special interest control.
Nan	Stevenson	We need a free internet...to let corporations take it over is tyranny...don't they have enough money and power in this country? Besides, this discriminates against the poor who can't afford to pay.

Patsy	Stewart	"Free Speech" shouldn't be sold to the highest bidder.
Jon	Stewart	It's OUTRAGEOUS to even think that our government would sell out a public utility (it IS a public utility) to the highest bidder!
Thomas	Stewart	Net neutrality is vital to ensure that citizens' access to vital information is not distorted because those with deep pockets can drown out those unable to afford wider, faster pipes. Same goes for small and middle-market bsns's commercial prospects!
Mary	Stewart	Stop this madness that devalued and under serves the people!
Greg	Stewart	The internet is like a utility -- it's for EVERYONE. The fact that you're even considering let big business bully us and force content providers to pay for special service so their sites load is absurd. DON'T DO IT. DON'T STIFLE FREE SPEECH!!
Suzanne	Stewart	This is terrible-our own country is selling all the "common" people down the river!
Jeffrey	Stewart	
David	Stewart	
Anika	Stewart	
John	Stewart	
Elyse	Stewart	
Betty	Stewart	
Kathleen	Stewart	
Shelli	Stewart	
John	Stickney	
Wayne E.	Stiefvater	
Kurt	Stigelman	
Robert	Stika	Save the Internet...it is not in need of being messed with by the government.
Linda	Still	Please let's keep this open and democratic means of communication free so that all people's can voice their opinions, demands, and concerns.
Jean	Stillmock	Please act for American people, not corporations. Thanks.
James	Stills	we need REAL net neutrality
Patricia	Stilwell	I strenuously oppose the takeover of the Internet by corporate communications giants. The Internet must be accessible by all users.
Richard	Stine	Please, no special big money interests controlling the data flow of the internet. It angers me that we are even having this discussion. Creativity would suffer terribly if money controlled the flow of information on the internet.
Iva	Stixrud	Little by little were are lossing our dignity, privacy and rigts to the ones that have enough money to buy itthem, if we want to sell them or not . Now, we are not going to loose the real net neutrality without a good fight.. You can bet on it!
Don	Stocker	
Marge	Stockton	Keep our internet free and open!
Jeannette	Stokols	
Alex	Stollberg	It is bad enough that the television spectrum has been diminished for the benefit of satellite and cable companies and reduced access to free television signals. As it is we already have to pay somebody for internet access.We do not need to be robbed more
Michael	Stoller	We want an internet that is equally available to everyone with no corporate control.
John	Stoltenberg	Stop and reverse the rise of fascism in America! Stop and reverse the rise of the American fascist military/police state! Save the free and open internet!
William	Stone	I want a fair playing field, not pay for play.
William	Stone	If the FCC's plan to allow fast lanes for the few goes forward, the rest of us will suffer. The deep-pocketed will pay to move their online content at top speed, consigning nonprofit, independent and dissenting voices to the slow lane.
James	Stone	It's time to decide whose welfare the people's government is going to abide; the people or the corporations.
Chris	Stone	The exclusive privileges currently being sought by the cable and telecom industries FLY IN THE FACE OF OUR CONSTITUTIONAL RIGHTS TO EQUALITY, EQUAL TREATMENT UNDER THE LAW, AND MORE. PROTECT THE CITIZENRY.
Norma	Stone	The internet should provide equal access to all users. Net neutrality is the answe.
Lisa	Stone	
Dale	Stoner	
Larry	Stoodt	Doeseverything have to have a first cllass section, ie everyone else is a second class citizen?
Richard	Stookey	
Eric	Stordahl	Unlike to FCC, I am for net neutrality. I oppose the FCC's plan.
Margaret	Storey	Please preserve net neutrality!
Dean	Storm	

Sandara	Stotenburg	The internet needs to be reclassified as a public utility. We need the free flow of information and ideas, and it needs to remain accessible to all, without having to pay through the nose for it.
Jeff	Stout	Just as you can't TAX the 5th amendment or capitalize on open discourse, the internet NEEDS to stay OPEN NEUTRAL and FREE from corporate control or influence!!!
Richard	Stowell	We all know that Washington Wanna-Bees & Corporate Clods are mere minions to the Masters of Mayhem and Gordon Gekko's "Greed is Good!" Goofballs.
Robert	Stpierre	
Joe	Strach	
Wayne	Straight	
Jeffrey	Strand	The internet is not for sale to the highest bidder. It is owned by all
Brian	Strange	"Fast Lanes" destroys the even playing field for all companies and allows some to dominate based on their ability to pay. Wrong move for the small and upcoming businesses that depend on the internet to grow and prosper.
Ann	Stratten	
Victoria	Stratton	I believe in regular people gathering via the internet for social, political and myriad other reasons. I believe in first amendment rights to net neutrality. I certainly don't approve of paying for faster internet speeds. I am against any tiered system.
Steven	Stratton	Protect individual freedom over corporate profit!
Karen	Stratvert	Keep the internet neutral!!
Susaan	Straus	
Mary B.	Strauss	The Internet must remain fair and equally available to all. Major cable and telecom companies must NOT get power to give privileged access to those with big money to spend. Please deny this effort.
Terry	Strauss	
Tanya	Strauss	
Alan	Strauss	
Rob	Strawser	Net neutrality ensures that the internet remains a venue for free speech.
Dave	Streater	If access is not equal, new innovation will suffer. Then America will fall farther and farther behind the rest of the world, and the nation "of the people, by the people and for the people" WILL have perished from the earth!
Katrina	Strecker	Keep the Internet open. Support net neutrality
George B.	Streissguth	
Judith	Streit	The internet should remain democratic with equal access for all. There is room for all of us. and we all have valid contributions to make.
Sharon	Strickland	The internet needs to be a level playing field for ALL. To be otherwise is absolutely wrong and has no place in a Democracy.
Susan	Strickland	
Jim	Stringer	We need real net neutrality. To allow fast lanes for the highest bidder will unfairly tip the table against small, innovative businesses, and will discourage competition for the already too powerful media giants.
Debby	Stringham	Net neutrality is extremely important and a fundamental democratic ideal that gives all voices an equal opportunity to be heard. It is fundamentally wrong to create a system where those with more wealth have more of an advantage.
Julie	Stroeve	we must stop the slippery slope that ends in allowing corporate power to put gateways on the open internet. it's a public utility, like electricity! it's not subject to monopolistic power by the highest bidder.
Teresa	Strom	
Tim	Strong	Please help resist the spread corporate-fascism disease, in this nation at least.
Richard	Strong	The internet belongs to us. It was built with DARPA funds (taxpayer money) for national defense, and repurposed as a great equalizer with regard to communication and culture. Handing any control over it to corporate interests would be a disaster.
Marita	Strong	
Richard	Strot	A level playing field, not paid access for higher speed, is needed. Otherwise, democracy fails and oligarchy rules.
MARIANNE	STROTHER	
Veronica	Struck	We need real net neutrality!
Arlene	Stuart	I support equal access and equal speed for all internet users.
Erica	Stuart	
signe	stuart	
Bruce	Stubbs Ph.D.	Free speech comes in many forms. We can't loose this to the highest bidder.

Elaine	Stucky	Greed is destroying this country. The government subsidized millionaires and billionaires will buy up all the internet to control this country to be able to do their bidding and turn the United States of America into an oligarchy.
J	Stufflebeam	This is wrong!! If the changes take place once again We the People will be drowned out by \$\$\$\$\$\$\$\$ and that is not a democracy and not America. Do you really want to be one(s) who destroyed this piece of democracy?
Tom	Stukel	Corporate take over has happened to everything. Please don't let them go further and destroy what independence the Internet has now. Equa It's for all, including excess to the Internet regardless of your bank roll. Tom Stukel
kim	stump	Please do not do this.
Edward	Sucheck	
Katie	Sucht	
Mary	Suda	The DC Circuit Court of Appeals made it clear that if the FCC uses broadband as a common carrier service, it should call it one. ISPs are clearly telecommunications companies. Fix your mislabeling and acknowledge current reality.
Martha	Sullivan	Come on, FCC! If your job isn't to be fair to the American people, what is it? Net neutrality is what best serves we, the people. Don't sell out to big corporations at our expense.
B.	Sullivan	Net Neutrality-- Now and Forever!!!
John	Sullivan	Please be guided by "by the people, for the people" and not corporate profits/promises. The SJC has done enough of that.
Ralph W	Sullivan	Please classify internet service providers as a utility. Thank You
Tom	Sullivan	Please just leave the net alone
Joseph	Sullivan	The internet is for everyone. Everyone has a right to use it and go any were with NO restrictions. The FCC is to represent everyone and for the good of everyone and no just for big companies that have the money.
Debra	Sullivan	The internet should be open to all. Not just a few.
linda	sullivan	
Michael	Sullivan	
Teresa	Sullivan	
Barbara	Sullivan-Parry	
Dot	Sulock	the internet should be equal for all "all men are created equal"
Edward R.	Suman	As a citizen of the United States, and as a consumer, I consider it vitally important that access to and use of the internet be 100% open and neutral. Further, I consider it the responsibility of the Federal Govt. to insure this.
David	Summers	A two-tiered internet will destroy innovation as small start ups will find it nearly impossible to compete. This is not progress.
Anne	Summers	If these companies are so creative, why can't they come up with better ways to make money than cutting off the free flow of information?
Peter	Summers	Please leave the Internet as it is. As a small retailer of tools and books I cannot compete with large corporations such as Amazon. I already pay more than enough just for Internet access now.
Patrice	Summers	
Alan	Sumsion	I like the internet the way it is now. Please, let's keep a free internet and not let the big money interests start charging us to use it. A change won't make it better, just more expensive to use. Free public access for all I say.
Rebecca	Sundberg	
Violet	Sunderland	I don't know anyone who favors changing the internet and being a heavy user, I communicate with a lot of people.
Steve	Sunderman	Stop favoring big business over individual citizens and small businesses.
Brooks	Sunkett	
Amos	Sunshine	
Jeffrey	Surovell	
Esther	Surovell	
Charles	Surprise	
Greg	Sutherland	Net Neutrality creates a lot of innovation. Please don't give the big companies more of an advantage than they already have. Make you decision on what's best for the country and not your career.
Arthur	Sutherland	
DOLLY	SUTHERLAND	
Irv	Sutley	Don't let the pay for play fast lanes drown out the voices of the people. Net Neutrality Now and Forever.
Daphne	Sutter	

Harry	Sutton	The Internet is and must be treated (and if necessary regulated) as a public utility, not a tiered system that confers privilege on wealth and influence.
Terri	Sutton	These are OUR airwaves and do not belong to the corporations who are trying to control them. KEEP THE INTERNET 'FREE'!
Joseph	Sutton	
Francine	Sutton	
James	Sutton. Esq.	Don't succumb to an elitist world
Polly	Swafford	Please support real net neutrality!
Lenore	Swaim	The internet should be regulated as a common carrier to retain neutrality. Public hearings should be held by the FCC.
Robert	Swain	NETWORK NEUTRALITY IS VITAL TO OUR DEMOCRACY
Gerard	Swainson	the individual needs fair rules to regulate communications - is that possible???
Nancy	Swann	
Deanna	Swanner	
Guy	Swansbro	
Mark	Swanson	
Linda	Swanson	
Stanley L.	Swart	
Patti	Swartz	Do not take away the basic freedoms of all and freedom of expression and information to the most equalizing access we have, the internet. No fast lanes.
Dennis	Swbeeny	These sell outs to BIG MONEY are wrong. All should have equal access to the Internet.
Barry	Swedlow	
Monsignor John W.	Sweeley, Th.D.	Fast lanes will destroy the Internet for the average user, the 97% of Americans, who will not be able to pay the extra Internet fees.
Suleiman	Sweis	No body should have control over what we can and cant see or say
Keith	Swenson	Keep the internet open! It is vital to small businesses throughout the country.
Kent	Swenson	
Tracy	Swenson	
Arthur	Swers	Of the people, by the people and for the people Not just corporate interests!
Evonne	Swift Todd	
Roland	Swirsky	After the damage done to our "democracy" by the Citizens United and McKutcheon Supreme Court rulings please don't add the final nail in the coffin by crippling a very powerful tool for real democracy. Please do the right thing.
Dale	Swisher	The internet was developed by the government, not Time Warner, ATT etc. It belongs to the people. Time to quit cheating the public.
Howard	Switzer	We demand a free and open internet without big money dominating it in any way, no means NO. This is class warfare, pushing the people into the slow lane so the big cheese can skate by? So we can be ripped off even faster? Grrrr
Paulette M.	Switzer-Tatum	Corporations are NOT the People. Most of the time they do not even pay their taxes to support our democracy! WE the voting, taxpaying citizens are the PEOPLE. Corporations already have too much clout and should be reigned in not given even more power.
Maury	Swoveland	You must provide every American citizen with a open internet.
Richard	Swqeeney	Please do not let large communications companies grow even larger When they get big enough, If that means limiting access to people who can not pay premium fees, then so be it in their minds. Keep the net open to all.
robert	sybesma	
Larry	Sydow	
James	Sykes	Please keep the Internet neutral for all users. The Internet will function best when every user has the same, equal access. Regards, James Sykes
Joy	Symons	This is wrong and not what is in the best interest of the majority. If you need to figure out how to do more with less, why dn't you retire.
Laura	Syperda	The internet should not be available for sale to the highest bidders!!!
David	Sysko	Keep the Internet useful for all. Don't sell out our interests to the few rich players.
Jeannette	Szabo	
Paul	Szymanowski	Leave the internet as it is. America does not ant tiered service like the cable TV disaster we have now. The opponents to net neutrality only want to serve the wealthy and turn this country into an oligarchy.
Barbara	Tabachnick	
Gregory	Tabat	
Laura	Tabili	The value of the Internet will be radically diminished if only the wealthy can use it fully. Pay-to-play is not a democratic value.
Natashia	Tabler	

Troy	Tackett	Cut us citizens a break for a change. The 2% always get the breaks
Marie	Takada	
Michelle	Takemoto	
Candace	Taksier	No to major telecom and cable companies. If you, the FCC, let them do this, then you are helping (along with the Citizens united ruling) to turn our democracy into a corporate oligarchy. They practically rule now.
George	Talkachov	
Igor	Tandetnik	
Beverly	Tangen	
Brenda	Tanguay	The internet was created with taxpayer dollars. Why should large corporations get the benefit of something the taxpayer paid for. I do not support their grab so that they can make more money at the public's expense.
Melinda	Tannenbaum	THERE SHOULD BE COMPLETE EQUALITY IN INTERNET USAGE. TO DO OTHERWISE WOULD WOULD SET A DANGEROUS PRECEDENT. THIS IMPAIRS FREEDOME OF SPEECH. CONSTITUTIONAL RIGHTS WOULD BE INFRINGED UPON.
Arthur	Tanner	PLEASE! preserve net-neutrality. Don't turn the internet over to the big guys. Keep it neutral for the common man (and woman)!!!
Mardel	Tanquist	Individuals need access to first-rate Internet service. Don't give in to big-moneyed interests.
Buster	Tapley Jr.	
Robert	Tapp	
Don	Tarbet	I organize and conduct much of the FCC amateur radio teaching and testing in the Bangor, Maine, area. If this indecent proposal is pushed through, I may have to rethink my association with the FCC.
Elvira	Targon	
Iwona	Tarling	Please do not let corporations interfere again with the freedom of internet
Polly	Tarpley	The Internet was originally designed to be free and equal access for all! KEEP IT THAT WAY! It's the American way to do things!
David A	Tartaglia Sgtusaf Ret	There needs to be fair access to the internet. Charges are high enough now and internet providers already charge more for faster download speeds. It's time for the government to prevent internet providers from giving better service to the wealthy.
george	tartal	keep the internet fair
Andy	Tasker	
Robert	Tassi	this is of vital importance and you have an opportunity to correct it please do so ...
Elizabeth	Tatum	Don't sell the internet to the highest bidder, keep it free for everyone. That is the right thing to do!
Richard	Taylor	A country based on equality should provide equality for all. Treat the internet like a utility. No fast lanes for the few and rich!
Kirk	Taylor	Corporate America owns the House, FDA, and SCOTUS... Don't You Sell Us Out, Too.
John	Taylor	Do not let telecom and cable companies control the internet. Keep the net nertral
Elizabeth	Taylor	I am physically disabled and I depend on the Internet for most of my communication with the outside world. I desperately need a free and open Internet.
Trish	Taylor	I'm tired (I would like to say "done") with being pushed around by corporate greed. I ready to become an eremite.
Richard	Taylor	To tier the internet is to undermine the pubic to the advantage of corporations. R. Taylor
Mark	Taylor	
F.	Taylor	
Garrett	Taylor	
Jeffrey	Taylor	
Camille	Taylor	
Renick	Taylor	
Tracy	Taylor	
Sarah	Taylor	
Ed	Taylor	
Chuck	Taylor	
Charles	Taylor	
Zelma	Taylor	
James	Taylor	
Danny	Taylor	
Timothy	Taylor	
Robert	Taylor	
Warren	Taylor	We need to stop this lemming-like rush toward mega-corporations ruling everything we do. I swear, if they could charge for the air we breathe, we'd all have meters on our noses.

Patricia	Taylor Romero	We still live in America. The internet has brought all of us & the rest of the global population closer together, in a very positive way, more so than a negative one. We need to keep our communication lines open not closed.
Susann	Taylor Shier	
Tiffany	Tb	The internet has replaced the telephone. Make it a common carrier.
Wendy	Teague	Everyone should be equal on the web! If people at home are restricted to a "slow lane" then will you "make" the net companies reduce our already outrageous fees for internet use? \$50 a month and we are all ready slow!!!
Thomas	Tedesco	How come France base 10 times the speed for less money?? Its because capitalism has turned into a cancer, it takes and gives nothing back. Profit before all else is cancer capitalism! Google and youtube etc. should be owned by the people we payed for it!
Terry	Tedesco-Kerrick	
Ormand	Tegland	
Ann	Teich	Selling fast lanes on the Internet to large communication corporations creates a two-tier system that favors large, wealthy businesses over nonprofits and small businesses and start ups. This inequity destroys net neutrality.
Joel	Tellinghuisen	
Laurence	Temby	I'm damned sick and tired of everything going to the 1%. Access to information and the www shouldn't have a price tag on it.
Karen	Templeman	
Nancy	Tenbroeck	High-speed internet access should be shared by all -- students, corporations, retired people, stockbrokers, the press, other nations. It is a tremendous public resource, benefiting the users equally, and should stay independent.
Sheryl	Tenikat	The proposal to slow down the internet for all but those with deep pockets is undemocratic. We need REAL Net Neutrality. Please do not undermine democracy.
Joe	Tenn	All senders should be treated equally.
Eileen	Tennor	The public is slow to understand implications of technological change but when they eventually do, their wrath must be reconciled.
Richard	Teplitz	
Rich	Ternes	keep the Internet Neutral !!
Angela	Terranova	
Robert	Terrill	I do not support any change to Internet regulation that would allow anyone to pay more for higher speed connections at the cost of slower speed connections for the rest of us who cannot pay more. The Internet is for everyone; not just the moneyed few.
Allen	Terrill	
Trisanne	Terrinoni	Actions speak louder than prayers...FACT!
Barbara	Terry	The fast-lane, slow-lane internet policy will wreak havoc with all but those rich enough to pay for the fast lane. Shame on the SEC! There has to be another way.
Beverly	Terry	The Internet should be for everyone equally!
Tamara	Tershakovec	Net neutrality is a critical issue given how much everyone in the U.S. depends on the internet. It's a free speech issue.
Jo Ann	Teter	
Thomas	Teters	
Ivan	Tether	The internet is no longer a luxury. It is a fundamental means of doing business. Limiting access, especially by the economically disadvantaged, is a deprivation of fundamental rights and will also hurt the US economy. Thank you. Ivan Tether
Sallie	Teutsch	
Dorothy	Tharsing	
Dan	Thayer	Just like our first amendment rights, the internet needs to remain open and neutral for all. Do the right thing.
Craig	Thayer	
Alan	Thayer	
Daniel	Therault	The Internet should be neutral and equally available for all to use if desired. The Internet should be regulated as a utility and reinserted into the Telecommunications Act. ISPs should not control content delivered or speeds at which it is delivered.
Richard	Therault	
Tara	Thernes	
Kimba	Theurich	
Lillian	Thibodeau	Please, net neutrality. Country getting too imbalanced!
William	Thielen	Check yourselves. you are representatives of all the peoples of this land, not just the wealthy and perceived privileged. You cannot appear to be biased or you will never have the trust of the American people.

Joanne	Thielen	Forget the corporations! People want an open Internet!
Jay	Thiemeyer	
Mike	Thies	Let's not turn over every democratic freedom to corporate profiteers,
Olga	Thom	If the FCC's plan to allow fast lanes for the few goes forward, the rest of us will suffer. The deep-pocketed will pay to move their online content at top speed, consigning independent voices to the slow lane. We need REAL net neutrality
Arthur	Thomas	Don't the corporations own enough already?
Sheriden	Thomas	FCC- Keep the internet free and equal to all. Net neutrality is a basic to just treatment of all humankind
Ralph B	Thomas	I use the Internet daily. My wife is an invalid and we are home every day. We need real net neutrality as average citizens.
Theodore W	Thomas	Net neutrality is needed to keep "big money" from purchasing control of the internet. Big money is already purchasing the air waves to stack the deck against the other 98% in the 2014 national election.
Trevor	Thomas	People's freedom is being threatened on many levels this is just one let's stop this if we can.
Margaret	Thomas	Please do not allow this to happen. Please be one government agency who does not SELL OUT to the corporate fat cats. You have NO idea how fed up the ordinary citizen is with this behavior
John	Thomas	The MAJORITY of Internet users want Net neutrality.....the FCC needs to place the Internet with the other medians (Television and Radio)
Diane	Thomas	This is so important. Please preserve internet neutrality! Thank you.
Allan	Thomas	
Sherwood	Thomas	
Karen	Thomas	
Larry	Thomas	
Claudine	Thomas	
Karen	Thomas	
Leonard	Thomas	
David	Thomas	
Gerri	Thomas	
James	Thomas	
Jessie	Thomas-Blate	Most organizations are not made of money. Everyone deserves to be served equally on the internet. Please preserve net neutrality. It is important for our economy that depends on the success of small business.
Pam	Thomas-Hill	
Wendelin	Thompson	Do NOT adopt rules allowing Verizon and Time Warner Cable etc to limit efficient internet access to only those who can pay the most for the privilege. Do NOT allow the PEOPLE'S commons to be privatized for the benefit of corporate interests.
Jean	Thompson	Doesn't anyone today care about regular people and small businesses? Please keep REAL net neutrality.
Timon	Thompson	Hands Off
Craig	Thompson	I don't trust large corporations to do the right thing and believe we need to keep protections in place to ensure the Internet remains the vibrant, open resource we all would like it to be!
Danaa	Thompson	Keep the net available to all.
Lyke	Thompson	Let's maintain strict net neutrality!
Scott	Thompson	Please keep the internet neutral for everyone.
Charles	Thompson	
Jacqueline	Thompson	
S.	Thompson	
Bonni	Thompson	
Paden	Thompson	
Carolyn	Thompson	
Liz	Thompson	
Cecil	Thompson	Why should people in China have internet speeds 50 times faster than people here in this country. The middle class is on its ass.
George	Thompson Sr.	Said Proposal undermines public access and trust for a utility built and paid for by taxpayers. Privatizing it would increase financial hardship on more Americans whilst more corporations shift their clerical burdens (including their expense) onto them.
Rebecca	Thompson-Galecki	
Jean	Thomson	Enough already! This was supposed to be equally available for all. It is slow enough now and we don't need any more privileges for the "Citizens United" crowd. The millions of the rest of us count too!

Linda	Thomson	The Federal Communications Commission (FCC) is considering adopting rules that would allow corporate titans like Verizon and Time Warner Cable to sell fast lanes online to the highest bidder. Fast lanes for the few mean slow lanes for everyone else.
Doris	Thorn	No fast lanes--internet completely open to all.
Marilyn	Thornbery	
Janet	Thornburg	Keep the Internet equally available to all! Net neutrality yes. Fast lanes for the rich, no. Equal access, yes.
Judy	Thorne	I believe the internet ought to stay "neutral." Don't let some people or organizations pay for preferential access to the internet. That would not be fair to the rest of us.
R.	Thorne	
Marshall	Thornton	All forms of communication media are for all, not just the rich and powerful!!
Edward	Thornton	Neutrality is a must. No exceptions. We paid taxes that helped in the development of the Internet. Enough said.
Richard	Thorpe	
Joel	Thorson	The Internet grew to become the engine of growth that it is today because it presented few barriers to entry. Now those who have profited from it the most want to erect toolbooths. I object, and demand that you reinstate Internet neutrality.
Maureen	Thorstensen	Please don't encumber our access to the internet by giving Cable companies the fast lane.
George	Thorward	
Kristen	Thurman	
John	Thurrow	We need REAL net neutrality.
Thomas	Tickner	Neutrality forever!
John	Tierney	Please, no multi-tiered internet, keep the internet free for all!
Lois	Tigay	There's too much inequity already! We need net neutrality.
Janet C.	Tillotson	We need real Net Neutrality for everyone, and Fast Lanes is not part of that. Do not allow FAST LANES!!!!!!!!!!!!!! Janet C. Tillotson, Scottsdale
Bernard	Tilson	
Raymon	Timmermans	I join with Common Cause in calling for complete Net neutrality. The people, not businesses should set the policy for it. Thank you.
Laura	Timmis	The internet should be equal and open to all. There should be no difference in availability, access or traffic for anyone. Please do not allow this change to happen.
Cristine	Timmons	Enough is enough! Big Corporations don't need ANY MORE ADVANTAGES AT OUR EXPENSE!!! This would be the final blow to the ever increasing gap between the Haves and Have nots!
Thomas	Tingle	
Donald E.	Tingle	
Carolyn	Tinus	
Barbara	Tischler	Don't cripple the internet for the vast majority of web providers. The internet is like a library. We don't charge for books by certain authors.
Mark	Tischler	Why should corporate greed govern this decision? Just because it seems to govern many other decisions? This is an issue of not crippling the internet, which slower speeds will, for the vast majority of web servers, which this decision will inevitably do.
Mady	Tissenbaum	
Kathryn	Titus	For the sake of encouraging innovative, entrepreneurial use by the many, and keeping open and fair access for the millions of our citizens, please deny two-tier use by telecom and cable companies. KEEP OPEN INTERNET ACCESS; NO SLOW LANES.
Kenneth	Titus	We need real net neutrality
Jerry	Tobe	From the consumer perspective, the Internet is very much like telephone service before the advent of cellphones. It should be regulated in the same manner as the telephone service was in the 1960s.
Julia	Tobey	I oppose the FCC's plan to allow fast lanes for those who can pay to move their online content at top speed.
Peter	Tocci	Mr Wheeler, No one need tell you that a commercial "fast lane" on the Internet is beyond anti-American and purely fascist. You already allow us to be poisoned with wireless energies. Don't add insult.
Harold & Darlene	Todd	It's time to stop letting money talk. Leave the internet alone so every one can use it the same as it is now.
Richard	Todd	Rich, Powerful, White Money, these are not the most important items in this life. But we the People are and so are the various forms of communications. Freedom and not Hate!
John	Toe	
Margaret	Toews	
Tlaloc	Toikuda	

Harold	Toliver	We have enough areas of privilege without adding the internet to them. Fast lanes make sense in freeway and tollway systems in encouraging car pooling and efficiency, thus reducing traffic. I see no such system advantage to creating electronic lanes.
Herbert	Toll	Level playing field for all!
Rebecca	Tollerson	Please do not allow the internet to be sold to the highest bidders ! It was developed with our tax dollars and is one of the last things that has not been "sold out" . Net neutrality must be preserved. We are counting on you.
Kevin	Tom	
John	Tomaino	Keep the internet free
Carter	Tomassi	The internet MUST NOT go to the highest bidders. Please do not sell us out!
Michael	Tomlinson	Please keep the internet and links to it fair and equal for all.
Mark	Tomlinson	
Andrew	Tomsky	someone check Wheeler's personal and family bank accounts if this goes down. the only way it does is with a big payout to that slob!
Richard	Tonsing	
Vicki	Tonski	
Kenneth	Toole	
Mj	Toppen	
Curt	Torell	Give us REAL net neutrality, equal access, same speed, same rates for all.
Euripides	Toro	
Judith	Torop	
Milton	Torres	
Ana	Torres	
Cynthia	Torres	
Susan	Torres	
Ana	Torres-Bower	I am a college professor and an open Internet is essential to today's teaching / learning environment. Restricting access to content would set our educational system back decades.
Carolyn	Torrey	Save the internet and stop the corporate take over of Free America.
James	Tostevin	Please understand that what you are calling "net neutrality" is in no way what mpst individual users consider neutral. Corporations are NOT people, but they should be neutered!
Clair 'Toby'	Touby	Corporations should have NO CONTROL of our free speech. Profiting from free speech is akin to Treason and Piracy.
George	Tournas	FCC is charged to PROTECT FREE SPEECH under the guides of the CONSISTUTION. ALL AGENCIES CANNOT INFRINGE UPON FREE SPEECH
John	Tovar	The internet is a great part of our life line to our every day living, to diminish it in any way would be a hard ship for too many of us.
Barbara	Towle	Please give us net neutrality. Thanks.
Charles D.	Townes	Dear FCC: It would be unfair and undemocratic to allow corporations to buy up the fast lanes on the internet. Do not let them do it.
Diana	Townsend	A family of four, like my nephew's family, cannot survive on his hourly wage of \$8.30 an hour. How in the world can any family survive on \$7.25 per hour earnings? Raise the minimum wave now!
Jacob	Trachtman	Please keep the internet free and open. This is vital for a growing technology for the benefit of all
Marjorie	Tracy	Please leave the Internet the way it is. Fast lanes are not necessary. We all need to share equally.
Dixie	Tracy-Kinney	
Jean	Tradup	The internet should not be for the favored few. We need the FCC to protect us from the big telecom and cable companies who will take over if we do not have protection for non-profit and independent voices who do not have deep pockets.
DOUG	TRAER	Please don't give the only means of free speech left to the oligarchs. Our country needs the internet to keep the idea of democracy alive.
Stefani	Traina	Net neutrality is crucial and should be maintained at all costs.
Steve	Trammell	All voices on the internet deserve the same ability to spread their message.
Sharon	Tranbarger	
David	Trask	Lwave the Internet alone. It is one of the few places we all can go and not have to listen to a bunch of talking heads talking about nothing but feel they need to do something about nothing. Leave the people internet alone.
Ross	Traut	
John	Travis	Do it!
Edna	Trawick	Keep the internet open for everyone not just for those who can afford to pay more. We are already paying astronomically for internet service. More would be more than most can afford. Don't yet again give to the wealthy and not everyone equally.

Thomas	Treat	I work in IT and I see the value in an open internet. Individuals and corporations can already buy more bandwidth or special low latency lines if they want to pay more or provide more for their users. Please don't create a tiered internet. Thank you!
Kathleen	Treat	
Jonathan	Treble	The FCC should ensure that all voices get treated equally over the pipes, not just those which can pay more. Introducing a pay-to-play model to the internet would violate our Freedom of Speech guaranteed to us in the First Amendment.
Michael	Treece	The internet is a common good, just like a highway, and built with federal funds, just like a highway (remember ARPANet?). It's time to say "no" to those who would put up toll roads.
Richard	Tregidgo	
Alan	Trego	All public communication must remain open equally to all the public. Don't let money and power turn the internet into a privately controlled concern. Protect the PUBLIC. Make the Internet A COMMON CARRIER.
donna	treloar	Big for profit companies must not control internet n any way
Adrian	Tremayne	Things like the "Arab Spring" do not come from he internet, the internet only facilitated communication between various groups. Net neutrality is more likely to promote conversations and negotiations than riots.
Leonard	Tremmel	The internet should be regulated as a utility with neutrality of data handling being the paramount characteristic.
Irene	Tremper	I support REAL net neutrality!
Harold	Trent	
Doreen	Trevino	
Emogene	Trexel	Save the internet for the people
Gary	Tribble	The internet, invented with government support, belongs to everyone, and serves as a common carrier. It should not privilege the wealthy over the majority.
Vivien	Trichter	
Linda	Trimpey	We USA citizens have freedom in our internet access. I urge you to vote against giving any control to private companies which will impinge on our free access. Thank you.
Mark	Trinkaus	
Susan	Triolo	We need free and unfettered access to the internet. It would another corporate takeover - like Citizens United - of what should belong to the people of the United States, not the corporations. Do we really need to have money to be heard ?
Kathy	Triolo	With the authority and control of so many of our day to day tasks being taken out of our hands, I implore you to keep the internet free, free from control of the powerful and rich. Keep the internet a place for innovation, creativity, and open voices.
Robert	Tripp	
David	Troiano	
Abram	Trosky	Please do not wreck the internet. It has been one of the last 'level' refuges in a world of increasing inequality. Bending to corporate lobbyists might maximize profit but has nothing to do with better serving consumers. Do the right thing.
Brenda	Troup	
Evanell	Trow	In a democracy, especially, the internet should remain open and available to all at the same rate. We pay for that privilege and it should definitely not be relegated to higher rates to get what we need.
Robert	Trowers	Unless any of these companies can lay claim to having invented the internet, they are simply profiting off the intellectual property of others. Considering this, I don't believe they should be allowed to discriminate based on customer wealth.
Thomas	Trumpbour	For future innovation and individual liberty, please maintain net neutrality and not cave into special interests. Thank you for your time and consideration.
Joyce	Trumpet	Why should we give up something that is so precious to us. Also, we made the original, why should we give up our baby?
Jackie	Tryggeseth	
Rich	Trzcinski	We need net neutrality. Make no rules to inhibit the internet.
wesley	tse	Dear FCC, Leave the internet open and free. No fast lanes
Walter	Tsou	I support net neutrality. No fast lanes for rich people. Ironically, You Tube shows that what you can do is more important than who you know.
Kathy	Tsouramanis	
Burnis	Tuck	Please keep REAL net neutrality! I'm a small businessman who works entirely on the Internet and it's not fair for the big telecommunication giants to have a sweeter deal than me just because they are bigger and fatter.
